**FRIDAY EVENING RITUAL THE SEASON OF GROWTH**

Like any tree, we grow anew each year with the experiences we take from those around us. Reflecting on these experiences, we will grow a forest together, building strength from the lessons we have each learned, reaching new goals we did not know we were prepared for with our community by our side.

**SATURDAY EVENING RITUAL THE SEASON OF HARVEST**

By nourishing each other we are able to produce great fruits of our labor. Not only do these fruits sustain us through the winter months but they also prepare our community for the next great learning experiences to come. Reap the rewards of your experiences and explore the new possibilities for the future.

**SUNDAY EVENING RITUAL THE SEASON OF FULFILLMENT**

We have reaped such bountiful harvests this year. So many lessons learned, experiences explored, and trials overcome. Some of these are meant to stick with us and help us in the future. Some we will use to support others in our community, and for others, it is time to let them go. Today, we share in our community's harvest and prepare ourselves for the winter months ahead.
